Merk	Würth
Materiaal	Overig
Style	Würth Haakse slijper + 200 Slijpschijven Staal
model	Haakse slijper
Material	Overig
Model	Haakse slijper

Pluspunten

- + Complete set, (201 parts)
- + Fast adjustable protectionhood
- + Limited sounddevelopment and high breaking strenght
- + Little cutting rubbish and dust formation
- + Mechanical decoupling makes sure there is no recoil if the wheel jams. For a high level of pretection for the user and a fast continuation of the work.
- + Meets the requirements of the maximum security demands of European norm EN12413
- + Restart safeguard - The angle grinder will not start unwanted after a interruption in the powersupply, greatly limiting the chance of injury.
- + Very thin for precise and nearly burr and vibrationfree (very pure and cool surfacecutting)
- + Zebra Quality
