| Kleur                 | Zwart                                                                 |
| Style                 | Binnendiameter ø32 x 43 mm - (snijlengte per meter)                   |
| model                 | Olie- en benzineslang                                                 |
| Diepte/lengte         | 100.00                                                                |
| Breedte               | 4.30                                                                  |
| Hoogte                | 4.30                                                                  |
| Gewicht               | 1.03 Kg                                                               |
| Outer diameter        | 43 mm                                                                 |
| Inner diameter        | 32 mm                                                                 |
| Length                | 1m                                                                    |
| Inner diameter        | 32                                                                    |
| Outer Diameter        | 43mm                                                                  |
| applicable for        | Olie, Benzine, hydrauliek olie en koolwaterstof                       |
| Barst pressure        | 30 bar                                                                |
| Color                 | Zwart                                                                 |
| Color 2               | Zwart                                                                 |
| Dimensions            | Per Meter                                                             |
| Electrical Conduction | Antistatisch Draad                                                    |
| Inner surface         | NBR, Zwart, glad                                                      |
| Insert                | Sterke synthetische textiel inlagen, stalen spiraal, anti-static wire |
| Material              | NBR                                                                   |
| Model                 | Olie- en benzineslang                                                 |
| Outer surface         | Zwart, ozon- en verouderingsbestendig NBR/CR, doekafdruk              |
| Temperatur range      | -40°C / +90°C                                                         |

### **Specificaties**

Wall Thickness 5,5 mm

Work pressure 10 bar

### **Pluspunten**

+ Also usable for E10

+ Anti static wire
