

## Hydraulic coupling - DKR - Galvanized steel - conical BSP female thread

<https://www.nexaparts.com/hydraulic-coupling-dkr-galvanized-steel-conical-bsp-female-thread-60degr-38-x-pilar-nw-10mm-bend-45degr>

### Specificaties

|                  |                                                                                       |
|------------------|---------------------------------------------------------------------------------------|
| Productnummer    | 38894                                                                                 |
| EAN              | 6096012022073                                                                         |
| Categorie        | Hydraulic Couplings                                                                   |
| Color            | Zilver                                                                                |
| Color 2          | Zilver                                                                                |
| Dimensions       | ?" x 10mm                                                                             |
| Material         | Staal verzinkt                                                                        |
| Model            | Hydrauliek koppeling - DKR - Staal verzinkt - Konisch BSP binnendraad 60° - bocht 45° |
| To Fit Hose Size | 10mm                                                                                  |
| Work pressure    | 445 bar                                                                               |

### Pluspunten

- + Thanks to the conical connection in the thread, you do not need a sealing ring!
