| Merk              | GLT                                                                                             |
| Categorie         | Sliding Bearings                                                                                |
| afmeting          | Inner diameter: 40   Outer diameter: 50   Flancediameter: 60   Flancethickness: 05   Length: 50 |
| Materiaal         | Sinterbrons                                                                                     |
| Kleur             | Bruin                                                                                           |
| Style             | 40x50x50                                                                                        |
| model             | Cilinderbus met flens                                                                           |
| Diepte/length     | 6.00                                                                                            |
| Breedte           | 6.00                                                                                            |
| Hoogte            | 5.00                                                                                            |
| Model Description | Glijlager Sinterbrons onderhoudsvrij                                                            |
| Color             | Bruin                                                                                           |
| Dimensions        | Inner diameter: 40   Outer diameter: 50   Flancediameter: 60   Flancethickness: 05   Length: 50 |
| Dynamic load      | 5 N/mm2                                                                                         |
| Friction value    | 0,05 tot 0,2 $\mu$                                                                              |
| Material          | Sinterbrons                                                                                     |
| Model             | Cilinderbus met flens                                                                           |
| Rotation speed    | 6 m/s                                                                                           |
| Static Load       | 10 N/mm2                                                                                        |
| Temperatur range  | -20 tot +100                                                                                    |
| Thickness         | 5 mm                                                                                            |
| Inner diameter    | 40 mm                                                                                           |
| Outer diameter    | 50 mm                                                                                           |
| Length            | 50 mm                                                                                           |
| Flange Diameter   | 60 mm                                                                                           |

### Pluspunten

+ According to DIN 1859 / ISO 2795

**Pluspunten**

- + No maintenance
- + Oil-Soaked
- + Self-lubricating
- + Suitable for high speeds

**Minpunten**

- Relatively low load
