### Specificaties

|                   |                                                                                                 |
|-------------------|-------------------------------------------------------------------------------------------------|
| Productnummer     | SBB.303820                                                                                      |
| EAN               | 7442957145152                                                                                   |
| Merk              | GLT                                                                                             |
| Categorie         | Sliding Bearings                                                                                |
| afmeting          | Inner diameter: 30   Flancediameter: 46   Outer diameter: 38   Flancethickness: 04   Length: 20 |
| Materiaal         | Sinterbrons                                                                                     |
| Kleur             | Bruin                                                                                           |
| Style             | 30x38x20                                                                                        |
| model             | Cilinderbus met flens                                                                           |
| Model Description | Glijlager Sinterbrons onderhoudsvrij                                                            |
| Color             | Bruin                                                                                           |
| Dimensions        | Inner diameter: 30   Flancediameter: 46   Outer diameter: 38   Flancethickness: 04   Length: 20 |
| Dynamic load      | 5 N/mm2                                                                                         |
| Friction value    | 0,05 tot 0,2 $\mu$                                                                              |
| Material          | BRONS/BRONS                                                                                     |
| Model             | Cilinderbus met flens                                                                           |
| Rotation speed    | 6 m/s                                                                                           |
| Static Load       | 10 N/mm2                                                                                        |
| Temperatur range  | -20 tot +100                                                                                    |
| Thickness         | 4 mm                                                                                            |
| Inner diameter    | 30 mm                                                                                           |
| Outer diameter    | 38 mm                                                                                           |
| Length            | 20 mm                                                                                           |
| Flange Diameter   | 46 mm                                                                                           |

### Pluspunten

- + According to DIN 1859 / ISO 2795
- + No maintenance
- + Oil-Soaked
- + Self-lubricating

**Pluspunten**

- + Suitable for high speeds

**Minpunten**

- Relatively low load
